For Divine Mee

Authorised Signatory

How to use this template — read before issuing real invoices. (1) **Are you GST-registered?** If your turnover is below the GST threshold and you have NOT registered, you must NOT charge GST: delete the HSN/CGST/SGST columns, label the document “**Invoice**” or “**Bill of Supply**”, and show only item, qty, price and total. The GST columns above apply ONLY once you have a GSTIN. (2) **Intra-state vs inter-state:** the sample uses CGST+SGST (buyer in your own state, Telangana). For a buyer in another state, replace both with a single **IGST @ 18%** line. (3) **Prices shown are treated as GST-inclusive** (Rs.279 = taxable 236.44 + 18% GST), which matches how your checkout charges a flat price. Confirm this treatment with your accountant. (4) **HSN 3307** (bath preparations, 18%) is an example — verify the correct HSN and rate for your product. (5) Invoice numbers must be a **continuous serial, unique per financial year** (e.g. DM/2026-27/0001, 0002...). (6) Replace every [bracketed] placeholder with your real business details. **This is a formatting reference, not tax advice — please confirm GST registration, HSN codes and rates with a qualified Chartered Accountant before going live.**
